Dear Senators:

Across the country, working families cannot afford to pay their bills while facing ever-increasing prices at the gas pump, the doctor's office, and grocery stores. Despite these widespread anxieties over basic affordability, Senate and House leadership are forcing a *partisan* vote on \$71 billion more for immigration enforcement and deportation.

This legislative proposal comes at a time when ICE and CBP are already [swimming in money](#), their coffers filled with far more than their usual appropriated budgets thanks to the \$170 billion provided for immigration enforcement, detention and deportations by last summer's harmful reconciliation bill. That bill cut funding for health care and food aid to fuel [deeply unpopular](#) and violent immigration actions, yet Congress is back at it again.

We urge you to vote NO on the reconciliation legislation. This measure would allocate \$71 billion in new mandatory funds for federal immigration enforcement, without guardrails or accountability on agencies engaged in violent behavior in our communities.

We also urge you to continue to stand in solidarity with immigrant communities under attack by voting NO on all amendments to the legislation that will harm immigrant communities. Amendments that demonize and criminalize immigrant communities amplify hate and are intended to stir disunity. We encourage you to vote NO against such amendments, including measures that:

- earmark funds for specific increases in surveillance, enforcement, or detention;
- pit certain immigrant communities against others, including immigrants with prior involvement in the criminal legal system;
- aim to further exclude immigrant communities from critical health and nutrition support programs;
- divert funds meant to serve communities across the country in order to target and attack our immigrant community members;
- and/or otherwise focus the proposal's dollars toward punitive and harmful uses.

The American people overwhelmingly see that ICE and CBP are making our communities less safe. We are grateful to all those Members of Congress standing in unity against more money for ICE and CBP.

Sincerely,

National Organizations
